

Logistics and Administration

Quarterly Report

Prepared by: Bessie Rogers, Western Arctic Research Centre

Date: 01 April to 30 June 2019

Logistics at the Western Arctic Research Centre

WARC provides a wide range of support to researchers on an annual basis, as well as to indigenous groups and organizations, businesses, government departments, high schools, and the Aurora College. WARC also provides support to other communities in the Beaufort Delta region.

WARC provides affordable accommodation to researchers. Rates include daily, weekly and monthly fees and vary depending on whether the user is a Student, Canadian, or Non-Canadian. Each house includes a full kitchen, bath, laundry services, a living room and six beds. Other features include basic cable television, wireless internet, and a front deck with a barbeque. At our facility, we have a shared research office space, with up to 10 individual desk spaces, three labs (a Clean Lab, a Teaching Lab and a Wet Lab), a classroom, and two meeting spaces, the conference room and the meeting room.

We have a large selection of equipment that is also provided on an annual basis. Big items include a boat with or without a motor, snow machines, and toboggans. Smaller items include camping equipment, cold weather gear, ice augers, and frost depth throbs. A detailed list of the support that we provide can be found on our website at <http://nwtresearch.com/logistics/fee-schedule>.

User Days of Support

Below is a graph and table that records the number of user days for equipment, Technician Support, facility use (i.e., conference room, meeting room, classroom), long-term users (i.e., leases and logistical support), short-term facility (i.e., lab space), and accommodations.

Activities of Note

Public Presentation

Jill Heinerth

Title: *Into the Planet*

No. of Participants: 26

Public Presentation -Speaker Series

Tyra Cockney-Goose

Title: *How I Almost Didn't Get Here*

No. of Participants: 40

Public Presentation- Speaker Series

Fletcher Dares

Title: *Effects of Low Earth Orbits on Digital Screens*

No. of Participants: 40

Public Presentation- Speaker Series

Lars Ekelund and Charles Neyando

Title: *Merging Traditional Arts, Crafts and Technology at the ACTMC*

No. of Participants: 21

Public Presentation- Speaker Series

Jason Lau, University of Western Ontario

Title: *Co-Creating Inuvialuit Living History through Visual Production*

No. of Participants: 21

Student Outreach

Chief Paul Niditichie School, Tsiigehtchic

Activities: Genetics and DNA Extraction, Pulleys on the Playground, Structures and Stability

Grades: 1- 9
