# AURORA COLLEGE

## POLICY

The Aurora Research Institute will lend resources to staff and students within the College, subject to approval.

## PRINCIPLES

1.  The Aurora Research Institute resources primarily support science programs, and individuals and agencies doing research in the Western NWT.

2.  The Aurora Research Institute also promotes and supports the science and technology educational needs within the College.

## PROCEDURES

1.  The request for use of Aurora Research Institute's resources shall be in writing to the appropriate Director or designate.

2.  The written request shall then be forwarded to the appropriate Research Centre Manager.

3.  The Research Centre Manager will decide the type and level of support to be given to the request.

4.  In considering the allocation of resources, the Research Centre Manager shall give priority to researchers and staff of Aurora Research Institute.

5.  The Research Centre Manager shall follow the Aurora Research Institute Resource Use Guidelines for access to resources.
